

Procedures to apply for First Grade at Vintage Magnet

- Attending Kindergarten at Vintage does not guarantee your child a spot in our first grade next year.
- Vintage is a Magnet School for Grades 1-5, so you must apply through the “eChoices” application. The school district will then assign Magnet Priority Points to each applicant and then select which students are accepted into first grade here through a lottery process.
- The on-time application window is usually from the beginning of October through mid-November. Parents can apply for eChoices online at echoices.lausd.net or complete a paper application and submit it through US mail.
- The LAUSD notifies district parents of the Choices application window through a postcard sent through US mail. Vintage will also remind you of the application window by sending a flyer home with your child 3 times during the application window.
- Vintage will have a parent meeting about applying to Magnets early in or before the application window.
- Remember, even if you apply for first grade at Vintage using the eChoices application, your child is still not guaranteed a spot in our first grade.
