Only one special per family. Since this is a Family Portrait event, we encourage the entire family, including children and parents, to be photographed. The photographer can create a variety of poses if the entire family is present. If you have a theme, idea, or request, please share it with your photographer. Offer is void if customer fails to make their appointment and no refund will be made by the fund raising organization or Cornerstone Photography. Since this is a fund raiser, there is no guarantee for expression or posing and no refunds. Note: There is no guarantee or reservation of a particular photographer. Please note there is a \$5.00 charge per animal due at the time of photography. We love photographing your pets, but we need to cover the necessary costs of cleaning our backdrops. If you have special circumstances, please talk to the photographer prior to being photographed.
