

VEX ROBOTICS at Vintage Magnet

Class #2 is for advanced students (next year's 4th and 5th Grade Students only) who have participated in Lego or VEX Robotics and who wish to compete in next year's VEX Challenge at Mulholland MS and/or Holmes MS.

The new competition challenge will be released May 1st. Teams will work on competition boards, learn programming, plan research projects, and prepare notebooks.

Classes will resume in August for competing students.

- Open only to students who have participated in robotics
- Students work in teams to design their robots for VEX IQ Competition
- Classes open to only **24** students
- Mandatory Parent Orientation on May 2, 2018.
- Classes are after school on Wednesday's from 2:40 to 3:40 p.m.
- Students who are not picked up will be walked to Y.S. Yard Suggested donation of \$40 to cover cost of replacement parts and/or additional VEX Robotics kits
- *No student is obligated to pay for their participation and if they are unable to pay, scholarships are available.*

Schedule:

May 2, 2018: Session #1 Mandatory Parent Meeting

May 9, 2018: Session #2

May 16, 2018: Session #3
